

ORGAN VEGETATIF

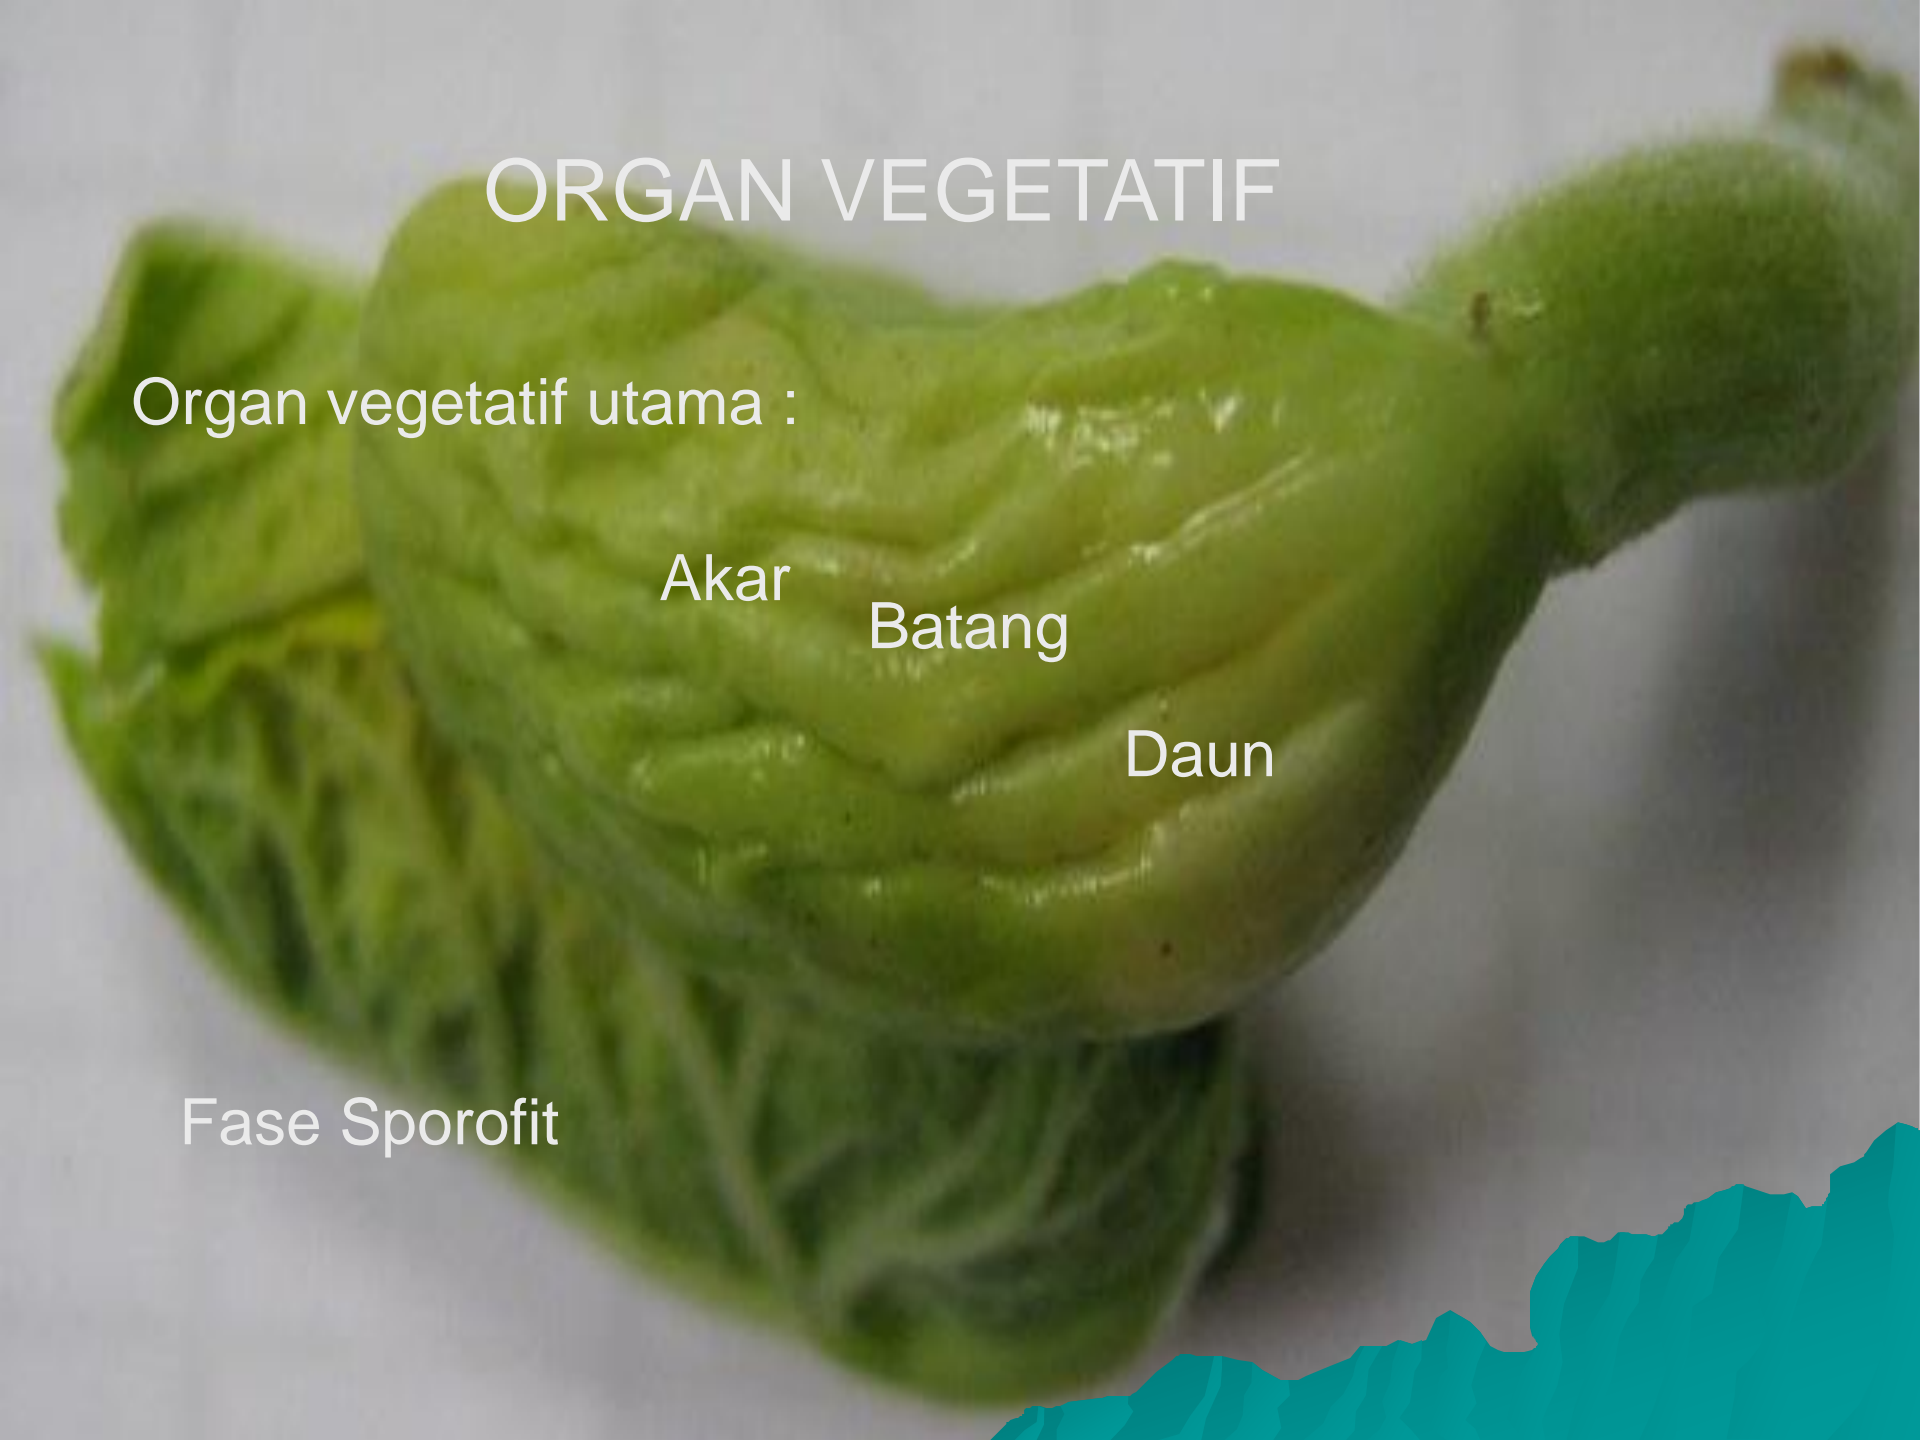

Organ vegetatif utama :

Akar

Batang

Daun

Fase Sporofit

Angiospermae terjadi pembuahan ganda

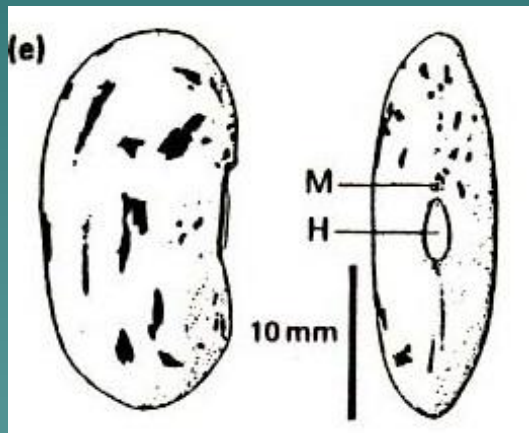

Inti generatif 1 + sel telur \longrightarrow Zigot ($2n$) \longrightarrow embrio

Inti vegetatif 2 + inti polar \longrightarrow endosperm ($3n$)

Biji : Embrio, endosperm, dan kulit biji

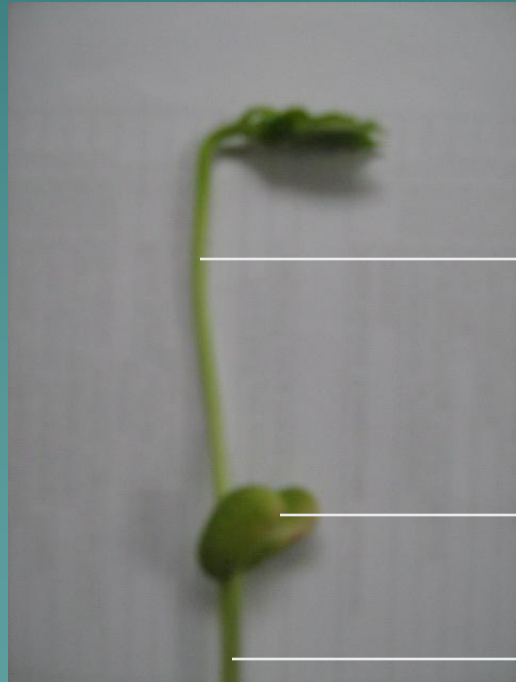

Biji berkecambah

Dikotil : Kacang merah

Pucuk

Epikotil

Kotiledon

Hipokotil
