

Contoh FIBONACI

```
uses crt;
var y, k, i, x : integer;
begin
  clrscr;
  y:=0;
  for i:=1 to 11 do
    begin
      x:=i-1;
      y:=y+x;
      if y=0 then writeln(y, ' = 0')
      else begin
        for y:=1 to x+1 do
          begin
            k:=y-1;
            write(k);
            if k<x then write(' + ');
          end;
          writeln(' = ', y);
        end;
      end;
    end;
  readln;
end.
```
