Dear Drs Oscar Sastra

Recent correspondence with Setiaji Tim Anderson indicated your desire to visit Wanganui Polytechnic with the Staff Tour party from University Pasundan in late October.

The Polytechnic staff are most willing to host you at this time and to spend quality time with you in regards to our curriculum, teaching, methodologies, resources and opportunities for Post Graduate Study.

I have become good friends with Henry Loupias and am looking forward immensely to hosting Henry from both a professional and social view point. Henry has been most willing to share your Indonesian culture with me and I look forward to the opportunity to reciprocate.

Looking forward to receiving confirmation of your travel plans.

Yours sincerely

Bruce Osborne
Senior Manager
